Remarks

Some homes are just a place to live. This one is a place to breathe. Set on .8 private acres and cradled by towering mature cacti, this 4-bed, 2-bath desert retreat invites you to slow down and settle in. The renovated European kitchen -- outfitted with pull-out drawers and warm butcher block countertops -- is as functional as it is beautiful. Vaulted ceilings lift the space, while the master suite's soaking tub and step-in shower offer a quiet refuge at the end of the day. Step onto the patio and let the mountain views do the rest. New flooring, blinds, and paint mean the heavy lifting is done. A detached studio, 2 sheds, ATV gate, carport, and a water feature ready to sing again complete this one-of-a-kind property. Top-rated Congress Elementary nearby. Sold as-is.
